

Taste of Freedom

Becky is a guide dog
She stands proud for all to see.
She looks adorable and she knows it when leading
her partner around.

Harness on, tail wagging all she wants is to please
Although to others it looks like she's bound.

She keeps me safe when out the about and she
does that easy by showing me the way.

At the end of the day she also gets a kiss, cuddle
and play.

She's my eyes
She my taste of freedom
